Pharmacy

Co-Health and SAV-RX (our Pharmacy Benefit Management Company – PBM) bring you the Co-Health Pharmacy Plan.

The Pharmacy Plan has two components:

Retail Pharmacy Outlets

There are over 58,000 participating pharmacies in the United States (95% of all pharmacies in the country). This includes all national and regional chains plus thousands of independents.

You save up to 35% on brand name drugs and up to 70% on generics. In addition you get a low price guarantee. Occasionally a pharmacy may buy a large quantity of a given drug and then sell it for a very low price. You are guaranteed to pay either our contracted price or the price the pharmacy is selling it for, whichever is lower.

Mail Order Pharmacy

For those taking maintenance medications, our Mail Order Pharmacy can provide additional savings over a retail price. You simply call SAV-RX, at their toll free 800 number, send your prescription to them and your medications are delivered to your home. Re-orders, based on refills available, are done with a single phone call.

If you wish to check the mail order cost of a specific medication you can go to our website (www.cohealthusa.com), where they are listed by name, strength, dosage and cost. The prices shown are only guaranteed for 10 (ten) days.

Chiropractic

Members may choose from more than 3,000 participating Chiropractors. Members enjoy a variety of savings and services including a free consultation, 50% savings on diagnostic services, 50% savings on x-rays performed on-site and 30% savings on treatment and other services. Also, members have unlimited access to care with no limits on the number of visits. Each chiropractor's license and insurance are carefully verified before being accepted in the network. Welcome Students,

We are pleased to welcome you to the Co-Health Group College Students Plan. This Plan has been specifically designed to meet the needs of today's College and University students, international or domestic, attending school in the United States.

The Co-Health Plan provides you with savings, through discounts, in certain Health Care. In the Student Basic Plus Plan we are offering these savings on the Vision, Dental, Pharmacy, and Chiropractic Programs. In the Student Basic Plan these savings are for Dental, Vision, and Pharmacy. You can use the College Student Plan Benefits where you go to school, near home or if you are traveling anywhere in the United States.

To locate any of these Providers, go to the Co-Health website under the Group College Students Plan and you will find our Providers throughout the United States listed by zip code.

Dental Plan

Here is how it works:

Every procedure a Dentist performs has a specific fee for it called the Usual and Customary fee (U & C). This fee varies slightly by geographic region in the country and is usually set by a Dental Board.

The Dental Plan has a fee schedule that is discounted off the U & C schedule. The discounts range from 15% - 50%*, saving you important dollars.

Virtually all dental procedures are included in the Dental Plan. All dental specialties are available, including Orthodontics. There are over 76,000** participating dentists throughout the United States.

As a member, through the Co-Health Group College Students Plan, you will have access to, what we believe is, the finest Discount Dental Plan available in the United States.

* Actual costs and savings vary by provider and geographical area.

**According to the Aetna Enterprise Provider Database as of April 1, 2009.
